

2026

NJ TransAction Conference

Speakers & Moderators Registration Policy

TO: All Session Coordinators, Moderators, Speakers, and Presenters

Speakers, Presenters, and Moderators...

- **All speakers, presenters and moderators are expected to register for the TransAction Conference and pay the appropriate day(s) registration fee.**

Sorry, there is no exception. Workshop session coordinators were informed of this policy and accepted the terms prior to their session being accepted by the NJ TransAction Planning Committee

- The NJ TransAction Conference does not have a special pricing for speakers, presenters or moderators.

The policy to have all speakers, presenters and moderators register for the conference was established more than 40 years ago in an effort to keep the registration fee as low as possible so we can attract the maximum number of attendees, which benefit the speakers and attendee's employers.

To meet that goal, it is imperative that we not give complimentary registration to the more than 300+ speakers, presenters, and moderators that participate in the TransAction Conference each year.
